

Muskan Shah

A curious mind with a creative heart. I question, research, and design with intent. My process turns insights into thoughtful, human-centered designs.

Experience

UI UX Designer at Silverxis Inc.,

Ahmedabad, February 2026 - May 2026

- Leading website revamp and new app design projects, from research and wireframing to high-fidelity UI execution.
- Conducting brand research, website audits, and user behavior analysis to inform structured, user-centric design decisions.
- Working closely with AI-powered design tools to streamline workflows and enhance speed without compromising design quality.
- Collaborating directly with clients to present design concepts, gather feedback, and refine solutions aligned with business and user goals.

Concept Curator and Manager at Studio 10/10.11 Design

Ahmedabad, November 2024 - February 2026

- Led digital and outdoor campaign strategies rooted in user behaviour and emotional design, resulting in higher-quality leads and a notable boost in client sales.
- Collaborated with designers, videographers, and clients to translate ideas into user-centric visual narratives.
- Conducted audience research and competitive analysis to inform data-driven creative direction.
- Streamlined creative workflows through structured content systems and storyboards, ensuring consistency and efficiency.

UX design Intern at Hipsters

New Delhi (Remote), May 2021 - July 2021

- Co-designed an event management mobile app from concept to prototype — including ideation, mood-boarding, wire-framing, and prototyping in Adobe XD.
- Researched and analysed competing apps to identify UX gaps, informing a more intuitive and engaging user flow.

Other Experience

- Furniture Designer, Rhizome, November 2021 - May 2022
Ahmedabad
- Consultant, Carpetright, May 2023 - October 2024
United Kingdom
- Freelance Designer, June 2019 - November 2024
Remote
